

***This is not a piece of modern art,
it is a Pb-Pb collision event at 2.76 TeV
seen by the ALICE Experiment at LHC-CERN***

*If you want to get in touch
with cutting-edge research in:*

- **High Energy Physics**
- **Nuclear Astrophysics**
- **Particle Detection Systems**
- **Front-End Electronics & IT**

join us for the

Summer Student Program

organized by:

Hadron Physics Department

**Horia Hulubei National Institute
of Physics and Nuclear Engineering
– IFIN-HH –**

**Contact: 0040-21-4046135
mpetro@niham.nipne.ro**
